GLW57Dusty Blue	\$9.25.....	\$20.50.....	\$102.00

- recommended for glaze combination overlaps
Item numbers in red are not dinnerware-safe

The SECRET of truly successful glazing at cone 6 is ... INTERACTION. It's not about the clay alone or the glaze alone, but how the clay interacts with the glaze -- and how the glazes interact with each other. What do you get when you put them together?
