and designer hues!

PG601 Perfect White •

Glossy and opaque. A stable white glaze to use as a base, a liner or an overlap with other glazes.

PG602 Incredible Black •

Glossy and opaque mottled black with a wide range of uses. By itself, the blue, khaki and warm brown breaking hues bounce from a black field. Creates unique combinations with most glazes in our line.

PG607 Nassau Blue •

Glossy and opaque mottled blue. Medium-to-light blue that offers great interest by itself or plays well with others.

PG608 Cobalt Blue •

Glossy and semi-opaque. A bright, true cobalt blue with hints of mottling when applied thicker.

PG611 Grape

Glossy and semi-opaque. A rosy purple for a warm eggplant quality.

PG614 Grass Green •

Glossy and semi-transparent. One of our most popular, this one mottles green (where thin) to icy deep blues.

PG615 Celadon Green •

Glossy, semi-transparent, warm blue-grey-green that rewards your artistry with the richness of a true celadon. Offers a mottled light blue fleck where thicker or in dimensional areas.

PG616 Buckwheat •

Glossy and opaque, and fun by itself or in combination. Warm cream color with breaking tones that border on purplish. Edges break to golden tones.
