

SPECTRUM GLAZES

All Spectrum products use ceramic frits and stains as their principal ingredients for superior appearance and consistency of results. Spectrum also uses a high percentage of stains in their recipes for more intensity, brightness, and depth of color. We stock these glazes in pints. Gallons and dry formulas available by special order. **Ten pounds of dry glaze yields about 2 liquid gallons**

Please call for prices & order lead-time.

Spectrum Celadons

These 12 glazes offer beautiful translucent colors in all the shades of the rainbow.

These glazes must be fired correctly to the recommended temperature to be dinnerware safe. Beware of dust and use good studio hygiene: they contain ingredients not suitable for ingestion or inhalation.
