

## CONCEPTS UNDERGLAZES

Versatility and ease of use make Duncan Concepts ideal for artists of all levels. One coat allows for translucent design work, and several coats provide solid color coverage. Concepts can be used with a wide variety of decorating techniques, including majolica. Designed for use with CN2000D Concepts Dipping Glaze, IN1001 Brushing Clear or 26398 Pure Brilliance glazes. Fire between cone 06 - cone 6, however we recommend testing for color shifts when firing to cone 6. See page 35 for clear glazes

**\*Concepts are hybrid underglazes with glaze ingredients, intended for use on bisque. Do not use Duncan Concepts on greenware!**
