

Your brushes are an extension of your hand and your creative vision. The different sizes and styles of brushes on these pages serve different purposes and brushstrokes. Find the ones that work for you and feel good in your hand. Enjoy!

### Duncan Brushes

Duncan's Discovery BR brushes are versatile and affordable, with a wide range of brush tips for your project needs.

Debut Taklon TB brushes offer firm body and shape retention, for when you take your work up to a level beyond beginning. They're a good choice for the crisp, fine lines of controlled brushstroke work.

### Royal Soft-Grip Brushes

Royal Soft-Grip brushes are ergonomically designed with thick acrylic handles and soft no-slip rubber grips for the ultimate in comfort while painting. Acrylic handles also won't swell or split if soaked, and allow easier cleanup too.
