**GEORGIE'S RECOMMENDATIONS CONTINUED:**

#6

**PB1868 • \$16.99**Alternative Kilns & Firing (Watkins)

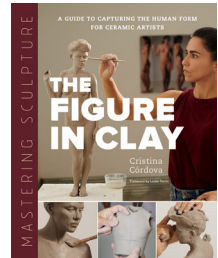

All the details on how to build low-cost, low-tech, high-quality kilns from an easy, affordable, ventilated raku kiln to a unique wood-fueled downdraft stovepipe barrel kiln

#7

**PB2223 • \$35.00**The Figure In Clay (Cordova)

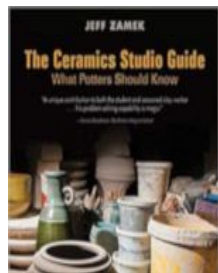

Explore the human form in depth, from your original concept sketches and armatures to detailed instructions for the construction of legs, torso, arms, hands, and head using clay.

#8

**PB2194 • \$26.99**The Ceramics Studio Guide (Zamek)

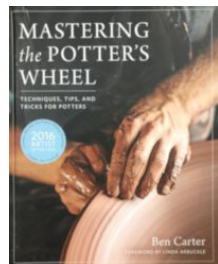

As ceramics consultant Jeff Zamek points out, under ideal conditions a student would be guided by a teacher at every step; mistakes and bad habits would be caught as they occurred and corrected.

#9

**PB2211 • \$30.00**Mastering the Potters Wheel (Carter)

This book starts with an introduction to wheel-throwing, from centering to creating basic forms. As a bonus you'll get throwing large objects to alterations, darting, and paddling techniques to improve your skills.

#10

**PB2206 • \$35.00**Handmade Tile: Design, Create, Install

Forrest Lesch-Middelton shares what he's learned as the owner of FLM Ceramics and Tile. If you want to learn from a pro to make your own tile for your home, this book has everything you need with great images.
