ELEMENTS GLAZES

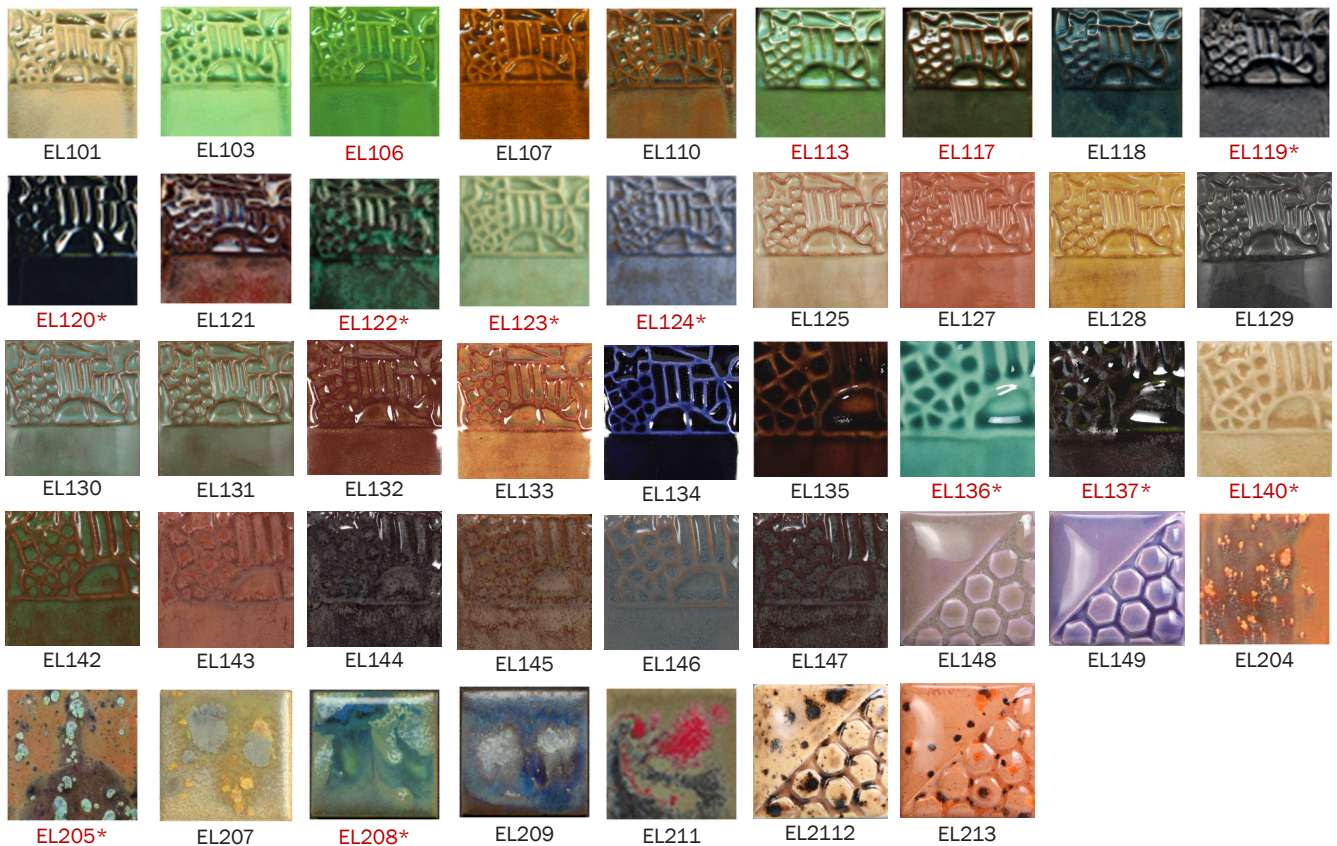

Elements Glazes are gorgeous natural earth tones in nontoxic formulas. Surfaces vary from gloss to matte, with subtle variations in each color: no two pieces will ever be the same!

Elements Chunkies (the 200 series) feature base glazes from the Elements line with the addition of crystals. Their varigations can be influenced by number of coats, combinations, surface textures, kiln atmosphere and temperatures. These glazes may move and flow during firing! Chunkies should not be used on surfaces that contact food or drink because of their fired surface characteristics.

Elements not marked in red are certified nontoxic. **EL106, EL113, & EL117** are food safe, but bear a CL Caution Health label.

All items marked in **RED with an *** bear CL Caution Health Labels and are **NOT** food safe.
