

Skutt's classic styling, precise construction, and elegant finish...

Skutt's electric wheels are high quality equipment for serious potters. Multiple models at different power levels in two body styles give you the choice of wheel for your individual throwing style and needs. The original built-in splash pan design has a large work area ideal for water buckets, tools, and trimmings. The removable wheel head makes it easy to clean. The wheel head is recessed so the wheel body works as a splash pan. The Prodigy's removable splash pan can be removed by twisting and lifting the wheel head and removing the one-piece splash pan. The Legend, Revolution and Premier have full-sized 1-piece splash pans.

Why Skutt Wheels?

Because all electric motors, even motors with the same horsepower rating, are not the same! Skutt wheels use industrial "continual duty" motors, designed to run at full load without overheating for as long as you want. Other wheels may use "peak rated motors" intended to provide full power without overheating only for short periods. High torque at low speeds is important for potters, but providing high torque at low speeds generates more heat in the motor. Heat is the greatest enemy of variable speed motors, leading to worn parts and eventual failure. The larger motors on Skutt wheels have superior insulation and more windings, which allow greater dissipation of heat, plus integrated fans for additional cooling, so they run cooler and last longer.

Skutt Built-In Splash Pan Models

This design offers a large work area ideal for a water bucket, tools, and lots of trimmings. The removable wheel head makes it easy to clean up, and the wheel head is recessed into the wheel body to work as an integrated splash pan.

	Motor	Centers	Reverse?	Price
TSC.....Classic	1/3 hp	150+ lbs.....	Yes	\$1974.50
TSE.....Elite	1/2 hp	150+ lbs.....	Yes	\$2090.00
TSP*.....Professional.....	1 hp.....	400+ lbs.....	Yes	\$2310.00

Skutt Removable Splash Pan Models

The only wheel with a removable splash pan designed in one piece. The molded splash pan has more capacity than 2-piece splash pans, and the wheel stays cleaner and easier to use.

TSLW*.....Legend.....	1/3 hp	150+ lbs.....	Yes	\$2106.50
TSPW*.....Premier	1 hp.....	400+ lbs.....	Yes	\$2365.00

CLAY BOSS WHEEL

With an industrial motor, the Clay Boss has quickly become one of the most popular wheels on the market today. Both the Clay Boss and Big Boss feature a polyethylene tabletop and two-part splash pan for easy cleanup, 14" wheel head and foot pedal with variable speed control (0-240 rpm). They can reverse with quick and easy changes of wheel direction, and their load-sensing control ensures the wheel head speed is maintained under changing loads. 10-year warranty.

BOSS.....1/2 hp	100lb capacity	\$1278.56
BIG.....1 hp	150lb capacity	\$1551.57

Skutt Prodigy

WIZIWIG CLAY SHIELD

Interlocking plastic panels wrap around the splash pan of most pottery wheels to keep most of the scraps, splats, and spatters in the splash pan where it belongs, not on your floors -- and everywhere else!
