

NORTHSTAR ... Slab Rollers That Just WORK!

North Star Slab Rollers have a dual roller design which firmly, consistently compresses the clay from both sides, in either direction, with minimum effort up to 24" wide and as long as your workspace permits, from paper thin to 2½" thick.

Standard & Super Slab Rollers

Package includes complete 24" Slab Roller with steel frame worktable, crank-style handle, wagon wheel handle, and starter canvas. Optional collapsible add-on wings and bottom shelf kits are available separately and shown on our website. Core packages include the central part of the slab roller for you to build your own table set up. Rollers are 2½" in diameter and either 24" or 30" long. **NS550** is the only one we stock. All others are special order, so please call for availability and lead time.

SHIMPO ... a Heavy Duty Slab Roller!

Shimpo's slab roller can produce slabs up to 3 inches thick. The two-roller system evenly distributes pressure on the slab to reduce warping. Dual hand wheels and a thickness indicator provide synchronized fine adjustment and allow you to precisely control the thickness of the slab. The wagon wheel handle provides effortless feeding of clay through the rollers in either direction. The tabletop is 30" wide x 50" long x 36" height. Shipping weight is 167lbs.

- SR3050 Shimpo Slab Roller..... \$1215.00
