

**NORTHSTAR EXTRUDERS**

Break away from the limits of wheel-throwing and handbuilding! The 4" square barrel is designed for easy loading and holds 5 to 8 pounds of clay.

- NS910..... Stainless Extruder w/Basic Dies .....\$514.99
- NS950..... Stainless Steel Extruder Package (includes 2 standard.....\$602.99  
die sets shown below and Z-brace for hollow die set)

**Die Expansion Box**

Work larger with your extruder! This NorthStar innovation maximizes your equipment investment by adapting 6" dies (like the dies for the Big Blue!) to your current 4" extruder. Bolt the expansion box on the bottom of your extruder, and it's ready.

- NS940..... Die Expansion Box .....\$202.99
- NS940-EX ..... Die Expansion Box Package.....\$325.99  
(includes die set NS991 & center brace NS983 to fit expansion box)

**NORTHSTAR DIES**

NorthStar's standard dies are made of 1/2" thick polyethylene, which is extremely wear-resistant and completely non-contaminating. The top edge (facing the clay in the extruder barrel) is beveled to compact the clay as it passes through for a crisper, more solid extrusion. In the hollow dies, there is a bevel on both the interior and exterior portions under each side of the bracket (which holds the hollow dies' center pieces) that helps the extrusion to "heal" after it has been split by the bracket. When you use NorthStar's hollow dies, the center part is automatically in exactly the right place and the wall thickness will be even all the way around.
